### **Centrica acquires U.S. home services business**

Centrica plc today announced that Direct Energy, its North American subsidiary, has acquired Residential Services Group Inc. (RSG), a U.S. based home services business, for a total consideration of \$150 million (£83 million) in cash.

RSG is a leading independent provider of plumbing and HVAC (heating, ventilation and air conditioning) installations and of maintenance services to homebuilders and homeowners. The locations of its primary operations include the states of Texas and Ohio, where Centrica currently has over one million energy customers. It also has a presence in a number of other states which may provide energy growth opportunities in the medium term.

For the 12 months ended 31 July, 2004, RSG recorded sales of \$308.6 million (£171 million) and EBITA of \$24.4 million (£13.5 million). The company currently employs approximately 2,000 staff and completes more than 200,000 service calls, and installs over 50,000 new systems, per annum. The acquisition is expected to be earnings enhancing in its first full year.

The acquisition gives Centrica an opportunity to replicate its successful UK model by cross-selling home services to its current customer base, which will reduce churn. It will also enhance organic growth potential by strengthening Centrica's overall customer proposition.

Sir Roy Gardner, Chief Executive of Centrica said: "Acquiring an established home services business enables us to strengthen our position in Texas and Ohio by replicating our success in the UK and Ontario in creating value by deepening customer relationships.

"In RSG we are acquiring a first class management team which has also built a profitable customer base across a number of states, in which there may be opportunities to cross sell energy in the future."

### **Notes to editors:**

1. RSG, headquartered in Dayton, Ohio, is one of the U.S.'s largest providers of HVAC and plumbing services to the residential and light commercial markets. The company installs HVAC and plumbing systems in new

homes as a subcontractor to homebuilders, which provides an opportunity to develop a relationship with homeowners from the outset, and provides maintenance and replacement services to individual homeowners.

2. The transaction is expected to close in the fourth quarter of 2004.
3. In 2002, Centrica acquired Enbridge Services Inc. in Ontario.

**Centrica acquires over 250,000 telecoms customers**

Centrica plc today announced that the Group has acquired Telco Holdings Limited, a UK telecommunications business operating under the Telco Global brand, for a consideration of £43 million in cash and the assumption of £1.2 million of debt.

Telco Global will add 238,000 residential fixed line customers, of which 80 per cent are on Carrier Pre Selection, 11,000 business fixed line customers and around 10,000 business mobile customers, including a number of large corporate accounts, to One.Tel's existing 1.1 million customer base.

In addition to increasing significantly Centrica's already sizeable telecoms customer base, the acquisition brings a number of other synergies. These include a strengthened presence in the B2B market, entry into the international pre-paid phone card market and the capability to launch Voice over Internet Protocol (VoIP) services. The acquisition will also increase Centrica's purchasing power by increasing fixed line voice minutes from around 5.6 billion minutes per annum to around 7.7 billion.

Centrica Telecommunications currently has around 1.5 million customer accounts under the One.Tel and British Gas Communications brands. The acquired customers will be integrated into the One.Tel business and it is expected that significant additional value will be realised through cost efficiencies and operational synergies.

Sir Roy Gardner, Chief Executive of Centrica, said: "Today's acquisition will enable us to consolidate our position as the UK's largest indirect access telecommunications company, reinforcing One.Tel as the major alternative for BT customers, and supporting our efforts in the B2B market."
